STYLE LYRICS

Just one look
Now I'm hooked
Honey what do you want me to do
Instant attraction
You're the queen of satisfaction
Straight out of Vogue Magazine
Walking in those bell bottom jeans

She's got style (style)
She wears it well
She's got style (got style)
Oh I can tell, I can tell
She's got moves
That make me go wild
My baby's got style

I know what you want
You're playing hard to get baby
But I'm not backing down
Oh no not yet
Teaching me a thing or two
With a smile your look your attitude

She's got style (style)
She wears it well
(Yeah) She's got style (got style)
Oh I can tell, I can tell
She's got moves
That make me go wild
My baby's got style

(Oh baby)
(Oh yeah)
Driving me wild

She's got style (style)
She wears it well
She's got style (got style)
Oh I can tell, I can tell
She's got style (got style)
She wears it well
She's got style (got style)
Oh I can tell, I can tell
She's got moves
That make me go wild
My baby's got style

(Oh yeah)
My baby's got style
Driving me wild
Baby's got style
